Plan of Creation That is Ever Going On.

Dr. Talmage's text Sunday was Job Navill., 18: "No mention shall be made

Why do you say that, inspired dramatist? When you wanted to set forth the superior value of our religion you tossed uside the onyx, which is used for making exquisite cameos, and the sapphire, sky-bine, and the topaz of rhombic prism, and the ruby of frozen blood, and here you say that the coral, which is a miracle of shape and transtert of color to those who have mention in compact worthy of holy religion. O, be encouraged! Do not any man say, "My work is so small." any woman say, 'My work is so insignficant; I can not do anything for the apbuilding of God's kingdom." Remember the corallines. Christian mother sat sewing a ment, and her little girl wanted to help her, and so she sewed on another piece of the same garment and brought it to her mother and the work was corrected. It was imperfect, and had to be all taken out again. But did the mother chide th child? O, no. She said, "She w to help me and she did as wel could." And so the mother bless child, and while she blessed the she thought of herself, and said: "Pe haps it may be so with my poor wor at the last. God will look at it. It may be very imperfect and I know it is very crooked. He may have to take it my serve Him, and He knows it is best that I can do." So be com forted in your Christian work. Five thousand millions coralline nade one corallum. And then they passed away and other millions came, and the work is wonderful.
